Clifton Park, NY 12065-1011

September 16, 2025

Dear Friend,

Thank you for your generous gift to the National Multiple Sclerosis Society's DIY 2025. I hope you know just how deeply your support is appreciated — and more importantly, the difference it's going to make for people affected by MS.

Your gift funds essential research, advocacy and services, including our MS Navigators, who connect people with MS, their care partners and loved ones to the information and resources they need. Plus, you help advance research aimed at curing MS. Your impact will change lives and change the world:

- **You help power discoveries** so someday people with MS can get back what has been taken away.
- **You help ensure the voices of those with MS are heard**, to drive change at all levels of government.
- **You help build a community** to let those with MS know they are not alone.

People like you, who can envision a world free of MS and want to help achieve it, are fueling progress we never dreamed possible. Your support makes you an important member of a vital community that has the power to end MS.

With gratitude,

Tim Coetzee, PhD  
President & CEO

P.S. Thank you again for your generous gift. Together, we will cure MS.

The IRS requires documentation for all gifts of \$250 or more when you itemize deductions on your federal tax return.
